

## YIA PAPERS 2018

<b>Presenting Author</b>	<b>Corresponding author</b>	<b>City</b>	<b>Affiliation</b>	<b>Title of the paper</b>
Dr. Adil Bhat	Dr. Shiv K Sarin	New Delhi	Institute of Liver and Biliary Sciences	Quantitative proteomic analysis identifies dysregulated platelets in severe alcoholic hepatitis
Dr. Sandeep Vishwakarma	Dr. Sandeep Vishwakarma	Hyderabad	Centre for Liver Research & Diagnostics	Generation of secondary humanized livers through intra-omental transplantation of bioengineered livers for the management of end-stage liver diseases
Dr. Soumya Jagannath Mahapatra	Dr. Pramod Garg	New Delhi	AIIMS, New Delhi	Pentazocine, a kappa-Opioid Agonist, is Better than Diclofenac for Analgesia in Acute Pancreatitis: A Randomised Controlled Trial
Dr. Sudhir Kumar Vuyyuru	Dr. Shalimar	New Delhi	AIIMS, New Delhi	Thromboelastography guided blood product transfusion in patients with chronic liver disease undergoing invasive liver-related procedures: A Randomized Controlled Trial.
Ashish Kumar Vyas	Dr. Nirupama Trehanpati	New Delhi	ILBS, New Delhi	Hepatitis B Virus Infected Pregnant Females with Higher Circulating HBsAg Levels Showed Impaired Immune Imprint in Their Newborns at Birth
Dr. Saurabh Kedia	Dr. Vineet Ahuja	New Delhi	AIIMS	Gut microbiome diversity in acute severe colitis is distinct from mild to moderate ulcerative colitis

**PLENARY PAPERS 2018**

<b>Presenting Authour</b>	<b>Corresponding authors</b>	<b>City</b>	<b>Affiliation</b>	<b>Title of the paper</b>
Dr. Debasis Sardar	Dr. CE Eapen	Vellore	Christian Medical college , Vellore	Outcome of management protocol to reduce von Willebrand factor (vWF) in acute hepatic dysfunction : hepatotoxicity due to yellow phosphorus (rat killer) poisoning as a prototype
Mihika B. Dave	Dr. Devendra desai	Mumbai	P D Hinduja Hospital	Optimizing infliximab therapy using a Dashboard approach – An Indian Experience
Dr. Aparna Jakkampudi	Dr. Rupjyoti Talukdar	Hyderabad	Asian Institute of Gastroenterology ; Asian Healthcare Foundation	Time-dependent associations of acute pancreatitis with gut microbial dysbiosis and altered intestinal permeability: lessons learnt from experimental model.
Prof. Sandeep Sidhu	Prof. Sandeep Sidhu	Ludhiana	Dayanand Medical College and Hospital	Normative values of Sarcopenia in the Indian population
Gaurav Pande	Dr. Vikas Agarwal	Lucknow	Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow	Utility Of Neutrophil CD64 In Distinguishing Bacterial Infection From inflammation in Sever alcoholic hepatitis
Uday C Ghoshal	Uday C Ghoshal	Lucknow	Sanjay Gandhi Postgraduate Institute of Medical Science	Predictive models of the outcome of medical management of acute severe ulcerative colitis using principal component analysis and artificial neural network

**PRESIDENTIAL PAPERS 2018**

<b>Sr. no</b>	<b>Presenting Author</b>	<b>Corresponding author</b>	<b>City</b>	<b>Affiliation</b>	<b>Title of the paper</b>
1	Dr. Ashok Dalal	AS Puri	New Delhi	GIPMER	Non-surgical management of Gastro-duodenal Tuberculosis: Nine-year experience from a tertiary referral center
2	Dr. Avinash Bardia	Dr. Avinash Bardia	Hyderabad	Centre for Liver Research & Diagnostics	FeGdO <sub>3</sub> bimetallic nanoparticles-blood interaction: Implication for the development of Magnetic resonance imaging based functional imaging
3	Dr. Chitta Ranjan Khatua	Berhampur Khatua	Cuttack	SCB Medical College	Admission serum urea is a better predictor of mortality in patients with acute on chronic liver failure (ACLF) and acute kidney injury (AKI)
4	Dr. Dhiraj Agrawal	Akash Shukla	Mumbai	Seth GS Medical college and KEM Hospital	Long term outcome of patients with Budd Chiari syndrome treated with anticoagulation alone: A single center experience
5	<i>G N Yattoo</i>	Dr. Gulzar Dar	Srinagar	SKIMS	Alveolar echinococcosis of liver : A series of ten cases
6	Prof. Vivek A Saraswat	Prof. Vivek A Saraswat	Lucknow	Sanjay Gandhi Postgraduate Institute of Medical Sciences	Endoscopic management of postcholecystectomy benign biliary stricture: if you can cross it you can cure it! 25 years experience at a tertiary care center in northern India
7	Dr. Jaswinder Maras	Shivkumar Sarin	New Delhi	Institute of liver and biliary sciences New delhi	A proteomic approach to identify dysregulated lipid transporter proteins which could predict the severity and outcome of patients with acute on chronic liver failure
8	Dr. Kim Vaiphei	Dr. Kim Vaiphei		Fellow of UICC, NAMS and ICP, PGIMER	Hyperglycemia in acromegaly – how much is contributed by incretins secreted by intestinal K and L cells.

9	Dr. Mahesh Gupta	Dr. Mahesh Gupta	Gurgaon	NBE	To compare the tissue diagnostic yield of solid lesion biopsies based on the histopathological analysis of endoscopic ultrasound guided fine needle aspiration (EUS –FNA) samples produced by the 19G Procore needle, Standard 19G needle and 22G Procore needle.
10	Dr. Uday Sanglodkar	Mayank Jain	Chennai	Gleneagles Global Health City	Risk factors predicting Nosocomial, health care associated and community-acquired infection in spontaneous bacterial peritonitis and survival outcome
12	Dr. Neeraj V	D Krishnadas	Kerala	Govt medical college, Trivandrum	Systemic Inflammatory Response Predict Organ Failure And Mortality In Alcoholic Hepatitis
13	Dr. Prasad Krishnan	Dr. Prasad Krishnan	Kochi	Department of Surgical Gastroenterology	Demographics and perioperative outcome of colorectal cancer in Kerala - Analysis of ASGK colorectal cancer surgical registry
14	Dr. Rakhi Maiwall	Dr. Rakhi Maiwall	New Delhi	Institute of Liver and Biliary Sciences	Therapeutic Plasma-Exchange Improves Systemic Inflammation and Survival in patients with Acute on Chronic Liver Failure
15	Dr. Saransh Jain	Dr. Vineet Ahuja	Delhi	Department of Gastroenterology and Human Nutrition	High Cytomegalovirus DNA load in mucosal biopsies predicts steroid failure as well as colectomy in acute severe ulcerative colitis
16	Dr. Ritesh Prajapati	Dr. Ritesh Prajapati	Surat	Surat Institute of Digestive Sciences	Sarcina ventriculi of Gastrointestinal Tract: A Clinicopathologic Characteristics of Eleven Cases
17	Mojahidul Islam	Nirupma Trehanpatri	Delhi	Institute of Liver & Biliary Sciences	Foxp3, TGFb and PDCD1 promoter methylation impairs suppressive function of Tregs and effector cells in non-seroconverters after hepatitis B reactivation

18	Dr. G. Rajesh	Dr. G. Rajesh	Kochi	Amrita Institute of Medical Sciences	Relationship between serum vitamin D levels and disease severity in chronic pancreatitis patients
19	Dr. Aniruddha Pratap Singh	Dr. Aniruddha Pratap Singh	Kerala	Kerala University Of Health Sciences	Predictors of unplanned hospitalization or death & utility of screening with Clinical frailty scale in outpatients with cirrhosis.
20	Dr. Avinash Bardia	Dr. Avinash Bardia	Hyderabad	Centre for Liver Research & Diagnostics	Role of Mitochondrial Therapy in Repair, Rejuvenation in Liver Injury Model and its Bioenergetics
21	Mr. Dhananajay KUMAR	Shiv Sarin	New Delhi	Institute of Liver and Biliary Sciences, Delhi	Bone marrow mesenchymal stem cells (BMSCS) from decompensated cirrhotics are not fit for therapeutic uses
22	Ms. Eesha Nachnani	Eesha Nachnani	Tennessee	University School of Nashville	Impact of caffeine, sugar and other ingredients on beverage preference among 2nd graders
23	Dr. Harshavardhan Rao	Dr. Harshavardhan Rao	Kochi	Amrita Institute of Medical Sciences, Kochi	A Paradigm shift in the management of bile duct strictures complicating Living Donor Liver Transplantation (LDLT)
24	Dr. Himali Meshram	Dr. Himali Meshram	Mumbai	Bai Jerbai wadia hospital for children	Clinical Profile and Outcome of infants with Neonatal Cholestasis including Biliary Atresia
25	Dr. Jose Mathew	Dr. Jose Mathew	Kerala	Medical College Trivandrum	Acute Kidney Injury in Cirrhosis: L-KDIGO (Liver-Kidney Disease in Global Outcomes) criteria based evaluation of outcome
26	Dr. Krishnaveni Devulapalli	Dr. Krishnaveni Devulapalli	Hyderabad	Gandhi Hospital	HMOX 1 gene 19 G>C Polymorphism – A Prognostic Genetic Marker for Gastric Cancer
27	Dr. Mayank Jain	Dr. Mayank Jain	Chennai	Gleneagles Global Health City	Bottom perils and dyssynergic defecation - the chicken –egg situation!

28	Dr. Prashanth Gandhi	C E Eapen	Vellore	Christian Medical College, Vellore	von Willebrand factor (vWF)-phoresis : a possible explanation how plasma exchange is beneficial in liver failure
29	Dr. Gayatri Ramakrishna	Dr. Gayatri Ramakrishna	New Delhi	Institute of Liver and Biliary Sciences	Senescent hepatocytes in decompensated liver show reduced mitochondrial unfolded protein response (UPRMT) and its key player, CLPP, attenuates senescence in vitro
30	Dr. Rajesh S	Sudipta Dhar Chowdhury	vellore	CMC vellore	Elastography of pancreas in patients with idiopathic early onset recurrent acute pancreatitis
31	Dr. Aleem Ahmed Khan	Dr. Aleem Ahmed Khan	Hyderabad	Centre for Liver Research & Diagnostics,	A unique prognostic panel of miRNAs in combination with viral load for the assessment of disease progression, therapeutic response and relapse in HCV patients
32	V R Jagadeesh Menon	Prof. Sadhna Lal	Chandigarh	Post Graduate Institute Of Medical Education And Research	Efficacy of oral psyllium versus placebo in pediatric irritable bowel syndrome : a double blind randomised control trial
33	Sarita	Mr. Sanal Madhusudana Girija	New Delhi	Institute of Liver & Biliary Sciences	Chronic Liver Disease Induces Senescence in Mesenchymal Stem Cells
34	Dr. Sandeep Nair	T M Ramachandran	Kerala	Medical College Calicut	Rigid Sigmoidoscopy examination, an investigation down but not out-a five year single centre experience of 9418 patients
35	Dr. Shekhar Jadaun	Dr. Shekhar Jadaun	New Delhi	Not Applicable	Prevalence of cerebral edema and other structural changes in acute on chronic liver failure
36	Dr. Shrihari Anikhindi	Dr. Shrihari Anikhindi	New Delhi	Sir Gangaram Hospital	Biofeedback therapy for patients with dyssynergic defecation: preliminary experience from a tertiary centre in North India

37	Dr. Sukrit Sud	Amarender Singh Puri	New Delhi	GB Pant Institute of Postgraduate Medical Education & Research	Tacrolimus as rescue therapy for Steroid Dependent/Steroid Refractory Ulcerative Colitis: Experience from tertiary referral centre
38	Dr. Uday Sanglodkar	Dr. Uday Sanglodkar	Chennai	GI and HBP Research Sciences, Gleneagles Global Health City, Chennai, India	AASLD or EASL dose recommendation of diuretics is not applicable for Indians with decompensated cirrhosis
39	Dr. Vikas Singla	Dr. Vikas Singla	New Delhi	Sir Ganga Ram Hospital	Role of EUS guided Coiling and Cynoacrylate Injection in Cirrhotic Patients with Large Gastric Varices
40	Dr. Vinod Arora	Shiv Kumar Sarin	New Delhi	ILBS, Delhi	Paracentesis induced circulatory dysfunction with modest paracentesis is reduced by albumin in acute on chronic liver failure (ACLF): A Randomized Controlled Trial (NCT02467348)
41	Dr. Sunil Kumar N	Varghese Thomas	Calicut	Dept. of Gastroenterology, Medical college, Calicut	Role of serial follow-up to assess treatment response in suspected Ileocolonic Tuberculosis(ICTB) and early identification of crohn's disease
42	Dr. Sunil Kumar N	T M Ramachandran	Calicut	Dept. of Gastroenterology, Medical college, Calicut	Impact of oral dysbiosis and periodontal disease in patients with chronic liver disease: A pilot study
43	Kapil Jamwal	Kapil Jamwal	Delhi	Dharamshila Naryana Superspecialty Hospital	Endoscopic management of gastric varices: endoscopic treatment compared to eus guided coil and glue placement in severe liver disease
44	Gaurav Pandey	Alok Kumar	Chandigarh	Sanjay Gandhi Post Graduate Institute of	Improved 28-day survival with continuous slow infusion of Furosemide, Albumin with Terlipressin[SAFI(T)] in patients

				Medical Science	with ACLF and Acute kidney Injury - Hepatorenal Syndrome (AKI -HRS)
45	Dr. Avinash Balekuduru	Dr. Avinash Balekuduru		Department of Gastroenterology, Ramaiah Memorial Hospitals	Endoscopy on a human cadaver- A feasibility study as training tool
46	Balaji L Bellam	Dr Vishal Sharma	Chandigarh	PGIMER	Use of steroids for abdominal tuberculosis: systematic review and meta-analysis
47	Dr.Madhumita Premkumar	Dr.Madhumita Premkumar	New Delhi	Institute of Liver and Biliary Sciences	Left ventricular diastolic dysfunction is associated with renal dysfunction, poor survival and low health-related quality of life.
48	Jimil Shah	Jimil Shah	Chandigarh	PGIMER	Mucosa associated candida in ulcerative colitis: prevalence and relationship to disease severity
49	Mayank Jain	Mayank Jain	Chennai	Gleneagles Global Health City	Anorectal manometry in Functional Constipation and IBS-Constipation
50	Usha Dutta	Usha Dutta	Chandigarh	PGIMER	ISG Dyspepsia Task Force: Prevailing clinical practices in management of dyspepsia in India
51	Dr. M Srinivas	Dr. M Srinivas	Chennai	Institute of Gastrointestinal and Hepatobiliary Sciences	Normative Chicago Classification metrics in sitting posture using 16-channel water perfused high resolution esophageal manometry (HREM) system and postural variations in healthy Indian volunteers
52	Dr. Manoj Yadav	Dr. Manoj Yadav	Rewari	Government Medical College Trivandrum	Prevalence and Predictors of Irritable Bowel Syndrome (ROME IV, Rome III, and Asian Criteria) Among Medical Students in a Government Medical College in South India.

53	Dr. Mohammed Habeeb	Md. Aejaz Habeeb	Hyderabad	Centre for Liver Research & Diagnostics	Intra-peritoneal transplantation of bioengineered humanized liver grafts supports failing liver in acute condition
54	Mayank Jain		Chennai	Gleneagles Global Health City	Risk factors predicting Nosocomial, health care associated and community- acquired infection in spontaneous bacterial peritonitis and survival outcome
